Their Estimates of the
Cost.

AN UP-TO-DATE STRUCTURE IN ALL RESPECTS

Engineer Morse, who has completed the plans and specifications of the proposed new bridge to be built by the Newell Bridge company, arrived in the city this morning from Pittsburgh. He was accompanied by representatives of the following contracting firms who will offer bids for the erection of the bridge: McKelvy-Hine company, the Dravo Contracting company, Stratton, Lewis & Co., the Drake & Stratton company, F. Felkel & Son, McClintic-Marshall Construction com-

pany, and C. M. Driver, all of Pittsburgh, and the Penn Bridge company, of Beaver Falls. The gentlemen were met by President Joseph G. Lee, of the bridge company, who escorted them to the sites on either side of the river. A representative of the American Bridge company viewed the sites last week.

pany, and C. M. Driver, all of Pittsburgh, and the Penn Bridge company, of Beaver Falls. The gentlemen were met by President Joseph G. Lee, of the bridge company, who escorted them to the sites on either side of the river. A representative of the American Bridge company viewed the sites last week.

Plans and specifications were mailed on March 23 to the leading bridge companies for bids giving until April 14 to complete the estimates. The bridge approach in East Liverpool is at the foot of Fifth street, and on the West Virginia side at the end of an avenue extended through the center of the new town of Newell.

The structure as designed is on the graceful lines of a suspension bridge, 1,592 feet long, with a roadway of 22 feet in the clear, one six-foot sidewalk with provisions for another when required and a street car track, capable of carrying modern street car and highway traffic. The materials to be used in the construction are open-hearth steel throughout, except the planking on the roadway and sidewalk, which are to be of white oak.

The channel span is 750 feet, supported by two steel wire cables. The

nealed wire with four turns about three feet apart, when the strand is released and another started. The tensile strength of the wire composing these cables is 200,000 pounds per square inch; that of ordinary structural steel is 60,000.

As soon as the strands are passed over the towers of the channel span and fastened to the anchorage eye bar chains, the wrappings of each strand are removed, and they in turn are moulded and fashioned into a circle which is tightly clamped and closely wrapped with No. 10 annealed wire. The cable once completed the clamps and suspenders are rapidly attached, which supports the beams of the floor system, and they in turn carry the trusses and all, erected complete, and without the use of any false work and without in any way interfering with the interests of navigation.

The specifications for the stone and concrete masonry call for first-class work, equal to that adopted in modern railroad construction. The stone specified are the best grades of Beaver sandstone or any equally as good, suitable for river piers, and the mortar made of an approved brand of American Portland cement.

kitchen stove.

When he reached the kitchen he saw the door open and on an examination of the first floor he found that burglars had entered and ransacked every room. A pair of trousers were found in the hall, which led Mr. Manypenny to suspect that the thieves had been upstairs. He then aroused the family and in his son Jesse's room it was found that his trousers had been carried out and down stairs. The room was thoroughly ransacked, but no other upstairs room had been visited apparently.

Down stairs every book and paper to be found was searched and thrown around. The son's trousers had been searched and \$45 in gold taken. There was considerable jewelry in the house, but none of it was taken.

Burglar, After Getting a Ten Years' Sentence, Tells Where Stolen Booty Is.

Canton, April 6.—The climax was reached in the John Williams case Monday afternoon, after that citizen had been sentenced by Judge Harter to 10 years in the penitentiary for burglary, when the prisoner agreed to go with the officers and point out the men who had the two gold watches stolen from the home of Attorney Homer V. Briggie a night or two before Williams was arrested.

Williams, whose right name is Wells, was taken into court and after Attorney Burris had made a plea for clemency, he was told to stand up and receive his sentence. He got up and protested his innocence, yet an hour or two afterward to made an agreement to disgorge the stolen property secured in one of the raids. The booty was recovered.

ROBERT FICKES ARRESTED FOR A GRAVE OFFENSE.

He Stoutly Denies That He Is Guilty. Mothers of Lads Made Charges.

Robert Fickes, a well known man of the city, was arrested yesterday afternoon, at the instance of two women who averred that he had enticed away and harbored their boys, both minors, to his home, got them drunk and kept them there over night and until 3 o'clock on the following afternoon. JOHN L. ROBERTS CLAIMED BY DEATH

A Promising Career and Brave Struggle For Life Is Ended.

VERY WORTHY YOUNG MAN

After an illness of several months, borne with great patience and fortitude, John Lewis Roberts, aged 28 years, died at 12:30 o'clock this morning at his home on West Fourth street. Death was due to consumption, resulting from typhoid fever. The funeral services will be held Friday morning at 9 o'clock at St. Aloysius' church, Rev. Father Mahon officiating.

The death of Mr. Roberts will cause widespread regret throughout the city, and the sympathy of countless friends will go out to the bereaved family. His life, thus untimely brought to a close, was full of great promise. No person ever had a greater desire to live, and all through the long illness Mr. Roberts was hopeful of the outcome and believed until the very last that he would recover.

Mr. Roberts was born in Wales and came to this country and to East Liverpool when 11 years of age. Soon after he found employment in one of the local potteries. He learned the trade of a decorator at the Harker and Dresden plants, and for some years was art director at the Burford Bros. plant. He left Burford's to take charge of the decorating department of the William Brunt pottery and it was while there, in September, 1902, that he was stricken with typhoid fever, from which he never fully recovered. Mr. Roberts gave up his position, but a few months later, thinking himself strong enough to return to work, accepted the management of the decorating department of the Hall China company. His health began to fail, however, and last December he resigned. Mr. Roberts kept at work long after a majority of men would have given up. He was energetic and when he finally left the shop for his home he was never able to leave it again.

Mr. Roberts was married to Miss Barbara Swetnam about seven years ago and she, with three small children, survives. The youngest is an infant of 12 days. He is also survived by his grandmother, Mrs. Mary Jones; his father, Edwin Roberts, and sisters, Alma, Winifrede and Rowena Roberts, all of this city.

Mr. Roberts possessed marked talent and ability as an artist and musician. When a mere lad he was a member of one of the local musical organizations and had been for several years a member of Manley's band. As an artist he would have attained much prominence had his health not interfered with his

Believing her life to be in peril, Mrs. Jennie Oswald, a young woman of comely appearance, applied to Mayor Weaver yesterday afternoon for protection. She stated that Mrs. Jennie Waters, her next door neighbor, had threatened to kill her with a butcher knife and to assault her with other dangerous weapons. The mayor entertained the charges of Mrs. Oswald, and as a result Mrs. Waters will appear for trial this afternoon at 4 o'clock.

The two women live in the Peach block, College street. They have been on the outs for quite a spell. It is said that uprisings have occurred quite often of late. The exact cause of the demonstrations have not been revealed in police court, and the women refuse point blank to explain the nature of the trouble. It seems that the worst fights they have had took place on the last day of March and the first day of April.

Mrs. Oswald claims that on the former date Mrs. Waters and her husband started a regular pitched battle and made things hum for awhile, the wife getting decidedly the best of the fray, and to further her victories thought she would pick a scrap with her neighbor. Mrs. Waters, it is alleged, after subduing her husband with a huge work. He was particularly skilled as a decorator of china ware.

The life of Mr. Roberts will long remain in the memory of those who knew him. His personality was charming and he was trusted instinctively. His life's record is as an open book and with not one page marred by a dishonest act. He was the soul of honor, with a great love and solicitude for the welfare of his fellow beings. He was devoutly religious and lived in strict accordance with the tenets of his faith.

CONTRACTS GIVEN FOR IMPROVEMENTS

New Pumping Station Equipment Will Cost More Than \$8,000.

THE PLANS FOR THE WORK

The board of public service held a most important meeting yesterday afternoon, giving contracts amounting to more than \$8,000 for the equipment of the new pump house and deciding definitely on the plans and specifications of the new plant. Early in the afternoon every member of the board, accompanied by Supt. Morley, made an inspection of the proposed site of the pump house.

The improvement to the pumping station is to provide better facilities for serving consumers with water. Every week there is an increased demand and the present plant would soon become inadequate. Heretofore the pumping station has also been impaired and many times absolutely incapacitated by flood. This feature has been taken care of in the new plans. The station will be raised about 10 feet, making it 25 feet in height. It will be built of brick and stone and will be fine in appearance.

Bids were opened for the boilers, stack and fire fronts. The boilers are to be a great improvement on the ones now in use. McIlvaine & Spiegel, of Cincinnati, bid \$4,540 on the boilers, \$2,195 on the stack and \$370 on the fire fronts. The Cleveland Steam Boiler works bid \$4,600 on the boilers; stack, \$1,985, and the fronts, \$1,050. J. E. Fawcett, of Wellsville, bid \$1,850 on the stack. The board decided to give the contract for the boilers and fronts to the Cincinnati firm and the contract for the stack to Mr. Fawcett.

Clerk Gipner was instructed to communicate with brick concerns asking them for bids on furnishing the bricks and other firms will be asked to bid on other parts of the construction. It is the intention of the board to get the work started as soon as possible and to have it completed before winter.

NEXT CONVENTION FOR EAST LIVERPOOL

Local Letter Carriers Will Try to
Have Next Year's Gathering

The local branch of the letter carriers' association held a business session last night, and among other matters disposed of, elected William M. Carey to represent East Liverpool at the state convention to be held at Piqua, May 30. P. E. McCloskey was made the alternate. The local association has decided to make a strong bid for the next convention, and it is probable it will be able to bring it here. Mr. Carey received instructions last evening to use his best endeavors to land the meeting for 1905. The East Liverpool letter carriers have been working on the matter for several months, and considerable correspondence has been carried on with members throughout the state. It is said much encouragement has been given Mr. Carey and his associates, and they feel certain they can induce the delegates to meet in this city.

butcher knife, shouted to Mrs. Oswald that her time had also come and made an attempt to get at her intended victim.

The latter evidently changed her mind and deferred action until the following day, when she made similar threats. Mrs. Oswald told her she would certainly shoot if she stepped in her house, and it is said a tragedy was averted only by the fear of Mrs. Waters that the threat would be carried out.

Mrs. Waters could not see where she was the least to blame for the threatened battles and applied to the mayor shortly after, pleading that he issue a warrant for Mrs. Oswald's arrest. She told the mayor her story and he replied that he could not carry out her wish, because he thought she was the only person against whom charges could be properly placed.

Mrs. Oswald evidently heard of the attempt of her neighbor to have her arrested and she rushed to the city hall to get revenge. The warrants were issued and Mrs. Waters was arrested on two charges. The hearing promises to be sensational and will be witnessed by an interested crowd.

THE PLANS FOR THE WORK

The board of public service held a most important meeting yesterday afternoon, giving contracts amounting to more than \$8,000 for the equipment of the new pump house and deciding definitely on the plans and specifications of the new plant. Early in the afternoon every member of the board, accompanied by Supt. Morley, made an inspection of the proposed site of the pump house.

The improvement to the pumping station is to provide better facilities for serving consumers with water. Every week there is an increased demand and the present plant would soon become inadequate. Heretofore the pumping station has also been impaired and many times absolutely incapacitated by flood. This feature has been taken care of in the new plans. The station will be raised about 10 feet, making it 25 feet in height. It will be built of brick and stone and will be fine in appearance.

Bids were opened for the boilers, stack and fire fronts. The boilers are to be a great improvement on the ones now in use. Melvaine & Spiegel, of Cincinnati, bid \$4,540 on the boilers, \$2,195 on the stack and \$870 on the fire fronts. The Cleveland Steam Boiler works bid \$4,600 on the boilers; stack, \$1,985, and the fronts, \$1,050. J. E. Fawcett, of Wellsville, bid \$1,850 on the stack. The board decided to give the contract for the boilers and fronts to the Cincinnati firm and the contract for the stack to Mr. Fawcett.

Clerk Gipner was instructed to communicate with brick concerns asking them for bids on furnishing the bricks and other firms will be asked to bid on other parts of the construction.

It is the intention of the board to get the work started as soon as possible and to have it completed before winter.

21ST YEAR. NO. 82.

EAST LIVERPOOL, O., WEDNESDAY, APRIL 6, 1904.

TWO CENTS

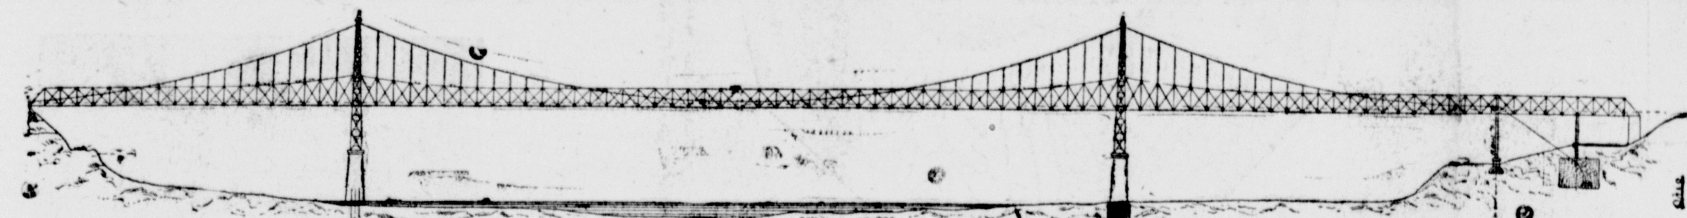

PLANS ARE ALL READY FOR THE NEWELL BRIDGE

Bidders Have Until the 14th Instant to Complete
Their Estimates of the
Cost.

AN UP-TO-DATE STRUCTURE IN ALL RESPECTS

Engineer Morse, who has completed the plans and specifications of the proposed new bridge to be built by the Newell Bridge company, arrived in the city this morning from Pittsburgh. He was accompanied by representatives of the following contracting firms who will offer bids for the erection of the bridge: McKelvy-Hine company, the Dravo Contracting company, Stratton, Lewis & Co., the Drake & Stratton company, F. Felkel & Son, McClintic-Marshall Construction com-

pany, and C. M. Driver, all of Pittsburgh, and the Penn Bridge company, of Beaver Falls. The gentlemen were met by President Joseph G. Lee, of the bridge company, who escorted them to the sites on either side of the river. A representative of the American Bridge company viewed the sites last week.

NEW BRIDGE TO NEWELL AS IT WILL LOOK WHEN COMPLETED.

Plans and specifications were mailed on March 23 to the leading bridge companies for bids giving until April 14 to complete the estimates. The bridge approach in East Liverpool is at the foot of Fifth street, and on the West Virginia side at the end of an avenue extended through the center of the new town of Newell.

The structure as designed is on the graceful lines of a suspension bridge, 1,592 feet long, with a roadway of 22 feet in the clear, one six-foot sidewalk with provisions for another when required and a street car track, capable of carrying modern street car and highway traffic. The materials to be used in the construction are open-hearth steel throughout, except the planking on the roadway and sidewalk, which are to be of white oak.

The channel span is 750 feet, supported by two steel wire cables. The nealed wire with four turns about three feet apart, when the strand is released and another started. The tensile strength of the wire composing these cables is 200,000 pounds per square inch; that of ordinary structural steel is 60,000.

As soon as the strands are passed over the towers of the channel span and fastened to the anchorage eye bar chains, the wrappings of each strand are removed, and they in turn are moulded and fashioned into a circle which is tightly clamped and closely wrapped with No. 10 annealed wire. The cable once completed the clamps and suspenders are rapidly attached, which supports the beams of the floor system, and they in turn carry the trusses and all, ere complete, and without the use of any false work and without in any way interfering with the interests of navigation.

The specifications for the stone and concrete masonry call for first-class work, equal to that adopted in modern railroad construction. The stone specified are the best grades of Beaver sandstone or any equally as good, suitable for river piers, and the mortar made of an approved brand of American Portland cement.

When he reached the kitchen he saw the door open and on an examination of the first floor he found that burglars had entered and ransacked every room. A pair of trousers were found in the hall, which led Mr. Manypenny to suspect that the thieves had been upstairs. He then aroused the family and in his son Jesse's room it was found that his trousers had been carried out and down stairs. The room was thoroughly ransacked, but no other upstairs room had been visited apparently.

Down stairs every book and paper to be found was searched and thrown around. The son's trousers had been searched and \$45 in gold taken. There was considerable jewelry in the house, but none of it was taken.

J. M. McCullough, of Wellsville, is a well known financier. He is a temperance advocate of pronounced convictions, and the first move in the new departure will be to bar the liquor traffic from the building. The local agent, John Schleiter, has been given instructions to select his tenants with care in the future, and it has been announced that the owner would prefer allowing the apartments to remain unoccupied than to let them out to people of questionable reputation.

DARING BURGLARY AT TORONTO

Home of Josiah Manypenny Ransacked And Chloroform Thought to Have Been Used.

Toronto, April 6.—Daring burglars were abroad at an early hour yesterday morning and in order to protect themselves from discovery, there is every evidence that the men used chloroform. The robbery occurred at the home of Josiah Manypenny, Third street and Cleveland avenue. It was shortly after 4 o'clock when Mr. Manypenny awakened. He was dead sick and being unable to sleep he arose and went down stairs to make a fire in the

anchorage on the Ohio side is made of concrete, while on the West Virginia side it is expected the eye bar chain will be anchored into solid rock. In bridges of this type the item of first importance is that of cable making. The foreman of erection selects the nearest level piece of ground, which is used as a "rope walk" to weave the wires of each strand. There are seven to each cable, composed of 222 No. 8 wires to each strand. As each strand is completed the wires are bunched together and wrapped with No. 10 an-

nealed wire with four turns about three feet apart, when the strand is released and another started. The tensile strength of the wire composing these cables is 200,000 pounds per square inch; that of ordinary structural steel is 60,000.

ACCOMMODATING CHAP

Burglar, After Getting a Ten Years' Sentence, Tells Where Stolen Booty Is.

Canton, April 6.—The climax was reached in the John Williams case Monday afternoon, after that citizen had been sentenced by Judge Harter to 10 years in the penitentiary for burglary, when the prisoner agreed to go with the officers and point out the men who had the two gold watches stolen from the home of Attorney Homer V. Briggle a night or two before Williams was arrested.

Williams, whose right name is Wells, was taken into court and after Attorney Burris had made a plea for clemency, he was told to stand up and receive his sentence. He got up and protested his innocence, yet an hour or two afterward to made an agreement to disgorge the stolen property secured in one of the raids. The booty was recovered.

A TRENTON POTTERY PARTIALLY BURNED

FIRE AT THE BRIAN PLANT CAUSES \$30,000 LOSS.

Main Building, Packing Sheds and Sagger Shops All Destroyed.

Trenton, N. J., April 6.—(Special.)—A fire at the works of the Brian Pottery company early this morning destroyed the main building, packing sheds and sagger shops. Loss about \$30,000, partially insured.

The pottery is located two miles east of the city and some of the walls had fallen in before the fire department could render aid. The origin of the fire is unknown.

Mt. Vernon, Ky., April 6.—(Special.)—Fire in the Columbian Hall building this morning caused the death of Nathan Frey and his four small children. Mrs. Frey was fatally burned.

FIGURES FIXED BY SAFETY BOARD

Estimates for 1905 Show an Increase, But There Are Reasons for It.

ABOUT \$16,000 NEEDED

To Run the Central and East End Fire Stations and \$2,400 for the North side—An Increased Force Is Looked For.

In compliance with the request of City Auditor Davidson, the board of public safety has completed the estimate of the amount of money necessary to run that department during the year 1905. The board was very conservative in its requisition and declares that council will be compelled to sanction the estimate or a shortage will result in the fund if it is curtailed.

During the present year the board has learned by dear experience what it means to be hampered for funds.

ACCUSED OF GETTING TWO BOYS DRUNK

ROBERT FICKES ARRESTED FOR A GRAVE OFFENSE.

He Stoutly Denies That He Is Guilty. Mothers of Lads Made Charges.

Robert Fickes, a well known man of the city, was arrested yesterday afternoon, at the instance of two women who averred that he had enticed away and harbored their boys, both minors, to his home, got them drunk and kept them there over night and until 3 o'clock on the following afternoon. Fickes pleaded not guilty to the charge and his trial was set for tomorrow afternoon.

The complainants are Mrs. Frances Wilson and Mrs. Baxter. They appeared before the mayor Monday morning and cited a tale that made the blood fairly boil in the veins of the chief executive. They swore that Fickes induced their boys, Glenn Wilson, aged 15, and Cecil Baxter, aged 16, to go to his home, and there got them beastly drunk. The boys told their parents of the occurrence on last Saturday. The occurrence is alleged to have taken place in December.

The mayor told the women he would see that the man is punished if he is guilty.

Pleasantly Entertained.

Miss Maude Baum's Sunday school class of the First M. E. church was pleasantly entertained last evening by Miss Baum at her home on Seventh street. It was the third in a series of entertainments which is being given by the class members.

JOHN L. ROBERTS CLAIMED BY DEATH

A Promising Career and Brave Struggle For Life Is Ended.

VERY WORTHY YOUNG MAN

After an illness of several months, borne with great patience and fortitude, John Lewis Roberts, aged 28 years, died at 12:30 o'clock this morning at his home on West Fourth street. Death was due to consumption, resulting from typhoid fever. The funeral services will be held Friday morning at 9 o'clock at St. Aloysius church, Rev. Father Mahon officiating.

The death of Mr. Roberts will cause widespread regret throughout the city, and the sympathy of countless friends will go out to the bereaved family. His life, thus untimely brought to a close, was full of great promise. No person ever had a greater desire to live, and all through the long illness Mr. Roberts was hopeful of the outcome and believed until the very last that he would recover.

Mr. Roberts was born in Wales and came to this country and to East Liverpool when 11 years of age. Soon after he found employment in one of the local potteries. He learned the trade of a decorator at the Harker and Dresden plants, and for some years was art director at the Burford Bros. plant. He left Burford's to take charge of the decorating department of the William Brunt pottery and it was while there, in September, 1902, that he was stricken with typhoid fever, from which he never fully recovered. Mr. Roberts gave up his position, but a few months later, thinking himself strong enough to return to work, accepted the management of the decorating department of the Hall China company. His health began to fail, however, and last December he resigned. Mr. Roberts kept at work long after a majority of men would have given up. He was energetic and when he finally left the shop for his home he was never able to leave it again.

Mr. Roberts was married to Miss Barbara Swetnam about seven years ago and she, with three small children, survives. The youngest is an infant of 12 days. He is also survived by his grandmother, Mrs. Mary Jones; his father, Edwin Roberts, and sisters, Alma, Winifrede and Rowena Roberts, all of this city.

Mr. Roberts possessed marked talent and ability as an artist and musician. When a mere lad he was a member of one of the local musical organizations and had been for several years a member of Manley's band. As an artist he would have attained much prominence had his health not interfered with his

NEIGHBOR WOMEN AT WAR AND MAYOR TO ARBITRATE

Each Applies For Protection and One Is Arrested on Two Very Grave Charges.

BUTCHER KNIVES FIGURE IN THE FIGHT

Believing her life to be in peril, Mrs. Jennie Oswald, a young woman of comely appearance, applied to Mayor Weaver yesterday afternoon for protection. She stated that Mrs. Jennie Waters, her next door neighbor, had threatened to kill her with a butcher knife and to assault her with other dangerous weapons. The mayor entertained the charges of Mrs. Oswald, and as a result Mrs. Waters will appear for trial this afternoon at 4 o'clock.

The two women live in the Peach block, College street. They have been on the outs for quite a spell. It is said that uprisings have occurred quite often of late. The exact cause of the demonstrations have not been revealed in police court, and the women refuse point blank to explain the nature of the trouble. It seems that the worst fights they have had took place on the last day of March and the first day of April.

Mrs. Oswald claims that on the former date Mrs. Waters and her husband started a regular pitched battle and made things hum for awhile, the wife getting decidedly the best of the fray, and to further her victories thought she would pick a scrap with her neighbor. Mrs. Waters, it is alleged, after subduing her husband with a huge

work. He was particularly skilled as a decorator of china ware.

The life of Mr. Roberts will long remain in the memory of those who knew him. His personality was charming and he was trusted instinctively. His life's record is as an open book and with not one page marred by a dishonest act. He was the soul of honor, with a great love and solicitude for the welfare of his fellow beings. He was devoutly religious and lived in strict accordance with the tenets of his faith.

Mr. Roberts was a member of St. Aloysius church, a member of the church choir, and also belonged to the Royal Arcanum.

NEXT CONVENTION FOR EAST LIVERPOOL

Local Letter Carriers Will Try to Have Next Year's Gathering Held Here.

The local branch of the letter carriers' association held a business session last night, and among other matters disposed of, elected William M. Carey to represent East Liverpool at the state convention to be held at Piqua, May 30. P. E. McCloskey was made the alternate.

The local association has decided to make a strong bid for the next convention, and it is probable it will be able to bring it here. Mr. Carey received instructions last evening to use his best endeavors to land the meeting for 1905. The East Liverpool letter carriers have been working on the matter for several months, and considerable correspondence has been carried on with members throughout the state. It is said much encouragement has been given Mr. Carey and his associates, and they feel certain they can induce the delegates to meet in this city.

BLOOD POISONING CAUSED BY ALUM

A Lisbon Potter Suffering From An Ailment of Peculiar Nature.

Lisbon, April 6.—(Special.)—Frank Hum, a kiln setter at the Thomas China plant here, is suffering from blood poisoning in his left foot, said to have been contracted in a peculiar way.

His duties often required him to walk over hot parts of the kiln, and perspiration caused his feet to become blistered. An application of strong alum water was used as a remedy, and his physician thinks this caused the poisoning.

butcher knife, shouted to Mrs. Oswald that her time had also come and made an attempt to get at her intended victim.

Mrs. Oswald was thoroughly frightened and arming herself with a revolver waited the onslaught of Mrs. Waters. The latter evidently changed her mind and deferred action until the following day, when she made similar threats. Mrs. Oswald told her she would certainly shoot if she stepped in her house, and it is said a tragedy was averted only by the fear of Mrs. Waters that the threat would be carried out.

Mrs. Waters could not see where she was the least to blame for the threatened battles and applied to the mayor shortly after, pleading that he issue a warrant for Mrs. Oswald's arrest. She told the mayor her story and he replied that he could not carry out her wish, because he thought she was the only person against whom charges could be properly placed.

Mrs. Oswald evidently heard of the attempt of her neighbor to have her arrested and she rushed to the city hall to get revenge. The warrants were issued and Mrs. Waters was arrested on two charges. The hearing promises to be sensational and will be witnessed by an interested crowd.

NEW CASTLE NOTES.

New Castle, April 6.—Local union No. 54 held a very interesting meeting Friday evening. Four transfer cards were received as follows: Ed. O'Neal, William Ferrall, George McCarron and Joe Emminger. Two cards were issued, to William E. Maneman and Martin Supers, sanitary ware pressers, to Kokomo, Ind. Frank Kauch, apprentice kilnman, was initiated.

The Universal sanitary shop is working again, but not steady. It expects to be doing more soon.

The China works are running with a few hands and don't seem to be picking up any.

The Shenango has started again after a loaf of two weeks on account of clay. This was a hard blow to the firm, which was behind with orders. An effort will be made to catch up by working at night.

Charles Speight, one of the staunchest members of No. 54, is working out his notice and will be succeeded by Will Connelly, of East Liverpool. Mr. Speight has had charge of the sagger shop at the Shenango since last May, being a delegate to the Wheeling convention from Toronto. He was elected a delegate this year without any opposition. All here hate to see him go. He will probably locate in East Liverpool.

Sam Brooks and Pete Laughlin will return to Barberton next week.

YOUNG SALESMAN'S TRIP.

Messrs. Joseph Davis and E. A. Crawford, traveling salesmen of the Smith & Phillips Pottery company of East Liverpool, spent several hours at Columbus while on their way on a western business trip. Mr. Davis called at the state house, meeting Adjutant General Critchfield, whom he knew as a former officer of the Eighth regiment, in which command Mr. Davis served for over five years, being a member of the East Liverpool company which was not included in the reorganization of the Ohio National Guard after the war against Spain. Mr. Davis' objective point on this trip, which will occupy two months, is Topeka, Kan. He has been covering eastern territory for his company, but has been given a new assignment which takes in the middle west. This is his first western trip. Mr. Davis is one of the youngest pottery salesmen on the road.

HAS GOOD JOB.

Ollie Ashbaugh, another employee of the ill-fated Chelsea plant, has located in this city for the present and is sticking up big wares at the Smith & Phillips plant. Mr. Ashbaugh, who is one of the best amateur pitchers in this section, has a fine position with the new plant at East Palestine, which his uncle, Robert Ashbaugh, will manage and he expects to go there as soon as the plant is ready for operation.

WOODS A LOSER.

John Woods, night watchman at the Murphy plant which was destroyed by fire Monday night, lost his coat and hat in the flames. He had been on duty but a few minutes when he discovered the flames and had hung his coat and hat at the usual place in the engine room. After locating the blaze he went at once to the office to telephone an alarm to central station and then to shut off the gas in the plant. By the time he returned to the engine room the flames had found their way there and he found it impossible to enter. In the coat were a watch and some valuable papers.

A Timely Suggestion.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be ward off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children, for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. Sold by Alvin D. Bulger.

SALINEVILLE

ship this spring. Mr. McGaffick was elected last year and will hold over. He gave general satisfaction and his friends are elated that he will again assess the township.

The Pittsburg Construction company is placing additional bridge work on the C. & P. bridges between Salineville and Irondale. A large force of men are employed on the construction work near town.

A large force of men under the direction of the street commissioner is busy repairing the streets and alleys that were washed out by the flood of March 3 and April 1.

Notice has been served on the heirs of Ralph Woodward to repair the sidewalk in front of their property. It is expected by the council that the village will be compelled to do the work and assess the same against the property.

The Slope mine has been idle since Friday of last week owing to the mine being flooded by the rise in the creek. The lower mine is running, but little coal is mined, not near enough to keep the railroad in coal. The coaling chutes of the railroad company were empty Sunday and the engines had to coal elsewhere.

A landslide at the Cedar Hill mine last week that damaged the tippie and tracks has laid that mine idle for several days. The hillside fell on the engine room near the tippie and damaged the machinery so that work will be delayed several days before the men can return to work.

The bridge gang of the C. & P. made a good start to replace the bridge on the railroad near the Sterling mine last week, but the flood of Thursday night took away the bents that had been already placed and carried them down the creek. Other work along the line was damaged and it will take a large force of men several days to repair the damage.

The bridge erected at the power house on the C. & P. branch was tried by the flood of last week. The middle pier sinks several inches when the engines pass over it. The men made the bents quite solid when they built them.

An Aggravating Cough Cured.

IN PROBATE COURT

Will of the Late Bernard Mulrine, of East Liverpool, Has Been Filed.

Lisbon, April 6.—(Special).—The will of the late Bernard Mulrine, of East Liverpool, has been admitted to probate. All the property is left to Elizabeth Mulrine, the widow.

An application of Thomas McCartney and Jane Kerr, who were released from the bond of Lydia McGaffick, as guardians of Gladys McGaffick, a Center township minor, will be heard Monday, April 18.

OLD GENTLEMAN'S STORY IS REMARKABLE

For Forty Years Had Lived a Life of Suffering.

Of the many astonishing facts which are constantly developing as to the remarkable curative power of Dr. Cooper's New Discovery, none are more remarkable than the following related by Mr. John J. DeWolf, of Dayton, Ohio, in a recent letter:

Gentlemen:—For over 14 years I have been a sufferer from catarrh and stomach trouble. I also was troubled with deafness. I have been to many doctors but was never able to obtain relief and my troubles seemed to be getting worse. I was persuaded to try Dr. Cooper's New Discovery by a friend, and nine months ago bought the first bottle and am now a well man. My deafness, strange to say, left me and has never returned.

Yours gratefully,

JOHN J. DEWOLF.

For catarrh and stomach trouble, Dr. Cooper's New Discovery is unrivaled. It effects a cure of the most stubborn cases as if by magic. It is the wonderful new germicide which is causing so much discussion in medical circles. If you are affected with catarrh or stomach trouble in any form, get a bottle from your druggist and see how quickly you will be benefited. It is sold under a guarantee.

NEW CASTLE NOTES.

New Castle, April 6.—Local union No. 54 held a very interesting meeting Friday evening. Four transfer cards were received as follows: Ed. O'Neal, William Ferrall, George McCarron and Joe Emminger. Two cards were issued, to William E. Maneman and Martin Supers, sanitary ware pressers, to Kokomo, Ind. Frank Kauen, apprentice kilnman, was initiated.

The Universal sanitary shop is working again, but not steady. It expects to be doing more soon.

The China works are running with a few hands and don't seem to be picking up any.

The Shenango has started again after a loaf of two weeks on account of clay. This was a hard blow to the firm, which was behind with orders. An effort will be made to catch up by working at night.

Charles Speight, one of the staunchest members of No. 54, is working out his notice and will be succeeded by Will Connelly, of East Liverpool. Mr. Speight has had charge of the sagger shop at the Shenango since last May, being a delegate to the Wheeling convention from Toronto. He was elected a delegate this year without any opposition. All here hate to see him go. He will probably locate in East Liverpool.

Sam Brooks and Pete Laughlin will return to Barborton next week.

YOUNG SALESMAN'S TRIP.

Messrs. Joseph Davis and E. A. Crawford, traveling salesmen of the Smith & Phillips Pottery company of East Liverpool, spent several hours at Columbus while on their way on a western business trip. Mr. Davis called at the state house, meeting Adjutant General Critchfield, whom he knew as a former officer of the Eighth regiment, in which command Mr. Davis served for over five years, being a member of the East Liverpool company which was not included in the reorganization of the Ohio National Guard after the war against Spain. Mr. Davis' objective point on this trip, which will occupy two months, is Topeka, Kan. He has been covering eastern territory for his company, but has been given a new assignment which takes in the middle west. This is his first western trip. Mr. Davis is one of the youngest pottery salesmen on the road.

HAS GOOD JOB.

Ollie Ashbaugh, another employe of the ill-fated Chelsea plant, has located in this city for the present and is sticking up big wares at the Smith & Phillips plant. Mr. Ashbaugh, who is one of the best amateur pitchers in this section, has a fine position with the new plant at East Palestine, which his uncle, Robert Ashbaugh, will manage and he expects to go there as soon as the plant is ready for operation.

WOODS A LOSER.

John Woods, night watchman at the Murphy plant which was destroyed by fire Monday night, lost his coat and hat in the flames. He had been on duty but a few minutes when he discovered the fire.

After locating the blaze he went at once to the office to telephone an alarm to central station and then to shut off the gas in the plant. By the time he returned to the engine room the flames had found their way there and he found it impossible to enter. In the coat were a watch and some valuable papers.

DELEGATES ELECTED.

Local union No. 32 have delayed the election of a delegate to the national convention for several meetings. The convention is yet a long distance in the future and the members of the local are in no hurry to make the selection. Delegates to Trades and Labor council have been elected, the following members being selected: Frank Martin, William Elder and Dan Hilditch.

POTTERY WORKERS WED.

Clyde Cozens, of Alliance, and Miss Anna Hobbler, of Lisbon, were married at Alliance yesterday morning by Rev. C. N. Church. The bride has been employed as a liner in the Sebring pottery. Mr. Cozens is an Alliance young man, also employed in a Sebring pottery as kiln placer.

NEARING COMPLETION.

Contractor David Wallace has secured the contract for erecting the kilns at the Bell pottery plant, near Columbus, of which Al. Hughes is manager. Mr. Wallace went to Columbus last night to inspect the work, which will be completed in a short time.

HAS A JOB.

Newt McAvoy, a popular young ball player, who plays short field for the Athletics, has accepted a position as presser at the McNeil plant. He will be a valuable acquisition to the ball team to be put in the field this season by the employes of that plant.

It is announced by Secretary Menge, of the N. B. of O. P., that the vote of

the locals on changing the annual convention date from May to July is unanimous in favor of the change. The convention date has not yet been set.

REGAN LOCATED.

John Regan, who came here recently from Peoria to accept a pressing bench at one of the East End plants, received his household goods yesterday and will go to housekeeping at the corner of Dewey avenue and Erie street.

EDDIE IN CHESTER.

POTTERY NEWS.

Frank Bowers, presser at McNeil's, has been off sick for several days. Joseph McKenna, a well known local potter, has taken a sticking-up job at Burford's.

William Cartwright, batterout at McNeil's, has returned to work again after an illness of several weeks.

A Timely Suggestion.

This is the season of the year when the prudent and careful housewife replenishes her supply of Chamberlain's Cough Remedy. It is certain to be needed before the winter is over, and results are much more prompt and satisfactory when it is kept at hand and given as soon as the cold is contracted and before it has become settled in the system. In almost every instance a severe cold may be ward off by taking this remedy freely as soon as the first indication of the cold appears. There is no danger in giving it to children, for it contains no harmful substance. It is pleasant to take—both adults and children like it. Buy it and you will get the best. It always cures. Sold by Alvin D. Bulger.

The Pittsburg Construction company is placing additional bridge work on the C. & P. bridges between Salineville and Irondale. A large force of men are employed on the construction work near town.

A large force of men under the direction of the street commissioner is busy repairing the streets and alleys that were washed out by the flood of March 3 and April 1.

Notice has been served on the heirs of Ralph Woodward to repair the sidewalk in front of their property. It is expected by the council that the village will be compelled to do the work and assess the same against the property.

The Slope mine has been idle since Friday of last week owing to the mine being flooded by the rise in the creek. The lower mine is running, but little coal is mined, not near enough to keep the railroad in coal. The coaling chutes of the railroad company were empty Sunday and the engines had to coal elsewhere.

A landslide at the Cedar Hill mine last week that damaged the tippie and tracks has laid that mine idle for several days. The hillside fell on the engine room near the tippie and damaged the machinery so that work will be delayed several days before the men can return to work.

The bridge gang of the C. & P. made a good start to replace the bridge on the railroad near the Sterling mine last week, but the flood of Thursday night took away the bents that had been already placed and carried them down the creek. Other work along the line was damaged and it will take a large force of men several days to repair the damage.

The bridge erected at the power house on the C. & P. branch was tried by the flood of last week. The middle pier sinks several inches when the engines pass over it. The men made the bents quite solid when they built them.

An Aggravating Cough Cured.

A customer of ours who had been suffering from a severe cough for six months, bought two bottles of Chamberlain's Cough Remedy from us and was entirely cured by one and a half bottles of it. PLACKE WHIPPED.

Dutch Giant Was Plaything for McCoy at Philadelphia.

Philadelphia, April 6.—Herr Placke, the champion of Holland, made a sorry spectacle of himself last night in a fight with "Kid" McCoy at the Lenox club. Standing six inches taller and weighing over 70 pounds more than his pale-faced opponent he was beaten almost insensible in less than four minutes.

Placke never laid a glove on McCoy except when the men clinched, and the cool, calculating McCoy darted in and out and around his brawny opponent almost like lightning. He would feint with his right and then drive his left to the face viciously, scarcely ever failing to bring the blood. Before the first round ended Placke was covered with blood from his neck to his waist, and both eyes were almost closed.

Just before the gong sounded announcing the close of the first round McCoy drove a vicious left for the chin, dropping Placke like a log. The gong saved him from being knocked out. He was carried to his corner, only to be knocked out 10 seconds after the opening of hostilities in the second round. McCoy feinted with right and then drove his left square to the point of Placke's nose. The latter intuitively placed his left hand over the damaged organ and dropped to his knee. The blood was running from him in a stream. As he knelt by the rope the police appeared at the ring side and stopped the bout.

THE OLD FOLKS AT HOME

Are Never Without Peruna in the House for Catarrhal Diseases.

W. D. WATSON, Clovis, Fresno County, Cal., writes:

"God bless you for what you have done for me. The rheumatism has all disappeared, and today all exclaim, 'How well you look!' I tell them yes, and I owe it all to Dr. Hartman for his good advice to me. To-day finds me as free from pain as I ever was. The rainy season has set in here, but the change hasn't affected me as it used to. I am very thankful that I have found out that you can and will help the suffering ones that will follow your advice. Several have asked me what cured me, and I tell them. They get the medicine then. We keep Peruna in the house. My daughter has two sons, and they keep well and go to school, and they take the medicine every day."

"My wife was troubled with a pain in her side for years. Now she is taking your medicine and is real smart. I will do all I can for you and for those who need your advice."

Mr. Jno. O. Atkinson, Independence, Mo., Box 272, writes:

"Your remedies do all that you claim for them, and even more. Catarrh cannot exist where Peruna is taken according to directions. Peruna completely cured my wife and of catarrhal troubles of twenty-five years standing. In my rounds as a traveling man I am a walking advertisement of Peruna."

Mrs. Alla Schwanndt, Sanborn, Minn., writes:

"I have been troubled with rheumatism and catarrh for twenty-five years. Could not sleep day or night. After having used Peruna I can sleep and nothing bothers me now. If I ever am affected with any kind of sickness Peruna will be the medicine I shall use. My son was cured of catarrh of the larynx by Peruna."—Mrs. Alla Schwanndt.

Why Old People are Especially Liable to Systemic Catarrh.

When old age comes on, catarrhal diseases come also. Systemic catarrh is almost universal in old people.

This explains why Peruna has become so indispensable to old people. Peruna is their safeguard. Peruna is the only remedy ever devised that meets these cases exactly.

Such cases cannot be treated locally; nothing but an effective systemic remedy could cure them. This is exactly what Peruna is.

If you do not receive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

BEARING DOWN PAINS

3647 Indiana Avenue, CHICAGO, ILL., Sept. 27, 1902.

I have been a sufferer with almost every kind of female trouble for years, but as long as I could get around and do my work I would not try patent medicines as I had no faith in them.

About eight months ago I had to take to my bed, suffering with prolapsus of the uterus, with bearing down pains and intense pains in the back. My aunt, who came to nurse me told me of Wine of Cardui and sent for a bottle. I am indeed glad that she did, for that first bottle started me on the road to recovery. In a few weeks I was out of bed and in three months I was in better health and stronger than I had been in years. I take a dose now, occasionally, of Wine of Cardui and am kept in perfect health.

Wine of Cardui brings certain relief to women suffering any symptom of female weakness and perfectly regulates the menstrual flow. Wine of Cardui stops bearing down pains by permanently relieving the irritation which weakens the ligaments holding the womb in place. You need not suffer every month if you take this medicine. The periodical discharge will be painless and healthy without continual weakening drains. Wine of Cardui will make your health right and you may treat yourself privately in your own home. Secure a \$1.00 bottle of Wine of Cardui from your druggist today.

PLACKE WHIPPED.

Dutch Giant Was Plaything for McCoy at Philadelphia.

Philadelphia, April 6.—Herr Placke, the champion of Holland, made a sorry spectacle of himself last night in a fight with "Kid" McCoy at the Lenox club. Standing six inches taller and weighing over 70 pounds more than his pale-faced opponent he was beaten almost insensible in less than four minutes.

Placke never laid a glove on McCoy except when the men clinched, and the cool, calculating McCoy darted in and out and around his burly opponent almost like lightning. He would feint with his face and then drive his left to the face viciously, scarcely ever failing to bring the blood. Before the first round ended Placke was covered with blood from his neck to his waist, and both eyes were almost closed.

Just before the gong sounded announcing the close of the first round McCoy drove a vicious left for the chin, dropping Placke like a log. The gong saved him from being knocked out. He was carried to his corner, only to be knocked out 10 seconds after the opening of hostilities in the second round. McCoy feinted with right and then drove his left square to the point of Placke's nose. The latter instinctively placed his left hand over the damaged organ and dropped to his knee. The blood was running from him in a stream. As he knelt by the rope the police appeared at the ring side and stopped the bout.

I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed by Will Reed, Charles T. Larkins, C. G. Anderson, J. D. Holloway, druggists.

THE OLD FOLKS AT HOME Are Never Without Peruna in the House for Catarrhal Diseases.

W. D. WATSON, Clovis, Fresno County, Cal., writes: "God bless you for what you have done for me. The rheumatism has all disappeared, and to-day all exclaim, 'How well you look!' I tell them yes, and I owe it all to Dr. Hartman for his good advice to me. Today finds me as free from pain as I ever was. The rainy season has set in here, but the change hasn't affected me as it used to. I am very thankful that I have found out that you can and will help the suffering ones that will follow your advice. Several have asked me what cured me, and I tell them. They get the medicine then. We keep Peruna in the house. My daughter has two sons, and they keep well and go to school, and they take the medicine every day."

"My wife was troubled with a pain in her side for years. Now she is taking your medicine and is real smart. I will do all I can for you and for those who need your advice."

Mr. Jno. O. Atkinson, Independence, Mo., Box 272, writes:

"Your remedies do all that you claim for them, and even more. Catarrh cannot exist where Peruna is taken according to directions. Peruna completely cured my wife and I of catarrhal troubles of twenty-five years standing. In my rounds as a traveling man I am a walking advertisement of Peruna."

Mr. Jno. O. Atkinson, Independence, Mo., Box 272, writes:

"I have been troubled with rheumatism and catarrh for twenty-five years. Could not sleep day or night. After having used Peruna I can sleep and nothing bothers me now. If ever an affected with any kind of sickness Peruna will be the medicine I shall use. My son was cured of catarrh of the larynx by Peruna."—Mrs. Alla Schwandt.

Why Old People are Especially Liable to Systemic Catarrh.

When old age comes on, catarrhal diseases come also. Systemic catarrh is almost universal in old people.

This explains why Peruna has become so indispensable to old people. Peruna is their safeguard. Peruna is the only remedy ever devised that meets these cases exactly.

Such cases cannot be treated locally; nothing but an effective systemic remedy could cure them. This is exactly what Peruna is.

If you do not receive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Deal Closed Last Night Giving Them Base Ball Privileges There for the Season.

The East End Grays have closed the deal for the use of Columbian park for base ball purposes during the coming season. A committee from the team met George Smith last night and arranged the details. The members of the team are very much pleased at the result and they expect to give the people of the East End the opportunity of seeing some good games this summer. The team is a strong one and will do battle with all the amateur teams of the city.

The lease gives the Grays control of the park so far as base ball is concerned and teams desiring to play there on days when the Grays have no games can do so by applying to the club management.

A meeting of the team will be held tonight at the home of the secretary, Charles Walker, of Mulberry street, and all members are requested to be present.

HOW TO GAIN FLESH

The life of food is the fat within it—the more fat the more real benefit from the food; that is why cod liver oil is a powerful builder of flesh.

Scott's Emulsion of pure cod liver oil solves the problem of how to take cod liver oil. That is one reason why doctors have been prescribing Scott's Emulsion for all wasting diseases, coughs, colds and bronchitis for almost thirty years.

BEARING DOWN PAINS

3647 Indiana Avenue, CHICAGO, ILL., Sept. 27, 1902.
I have been a sufferer with almost every kind of female trouble for years, but as long as I could get around and do my work I would not try patent medicines as I had no faith in them. About eight months ago I had to take to my bed, suffering with prolapsus of the uterus, with bearing down pains and intense pains in the back. My aunt, who came to nurse me told me of Wine of Cardui and sent for a bottle. I am indeed glad that she did, for that first bottle started me on the road to recovery. In a few weeks I was out of bed and in three months I was in better health and stronger than I had been in years. I take a dose now, occasionally, of Wine of Cardui and am kept in perfect health.

Wine of Cardui brings certain relief to women suffering any symptom of female weakness and perfectly regulates the menstrual flow. Wine of Cardui stops bearing down pains by permanently relieving the irritation which weakens the ligaments holding the womb in place. You need not suffer every month if you take this medicine. The periodical discharge will be painless and healthy without continual weakening drains. Wine of Cardui will make your health right and you may treat yourself privately in your own home. lowing rebuke to yellow journalists

publican connected with the govern-
ment: "It is not to the interests of
the country in general that impressions
of the existence of a reign of lawless-
ness in Washington should be gener-
ally created, unless there is some very
serious warrant for it. There is quite
sufficient debatable ground in many
public acts both of the executive and
of the national legislature which fur-
nish a very sufficient arena for all
the energy and enthusiasm of the most
public spirited. Unfounded agitation
can only be mischievous and tend to
distract the public mind from the re-
ally important and serious questions
with which it should now, as always,
endeavor to busy itself, and just criti-
cism loses its force in the melee."

The Ohio house has passed the
Houck senate bill providing that mar-
riage licenses shall not be issued to
epileptics, imbeciles or insane persons,

The bill increasing the salaries of
supreme court and common pleas
judges in Ohio is likely to meet
with little opposition either from the
people or the legislature. Ohio wants
only first class talent on the bench,
and can afford to pay well for it if
she gets it.

The big lines of railroad are pre-
paring to carry about 8,000,000 more
passengers than usual to St. Louis
this year. If they succeed they will
probably cease telling us that there is
no money in the passenger business.

Col. Kilbourne's presidential boom
has received another boost at Colum-
bus. Perhaps in time it may attain
proportions that will render it visible
to the naked eye by Democrats less
keen-sighted than those of Ohio.

Now if the East Liverpool base ball
team could only make such a record
for winning games as the East Liver-
pool basketball team has made,
wouldn't it find itself in clover?

Nobody wants the city of East Liver-
pool to spend any money unneces-
sarily. Just at present the expendi-
ture of a little on street cleaning is an
imperative necessity.

If half that is said of Belgian atrocities
in the Congo region be true, there
is more need for missionaries among
the Belgians than among the native
Africans.

The new battleship Virginia has
been launched and christened. If true
to her name she will be a fighter that
will compel respect and admiration.

William J. Bryan is now planting
seeds on his farm. He will doubtless
find it far more profitable than plant-
ing seeds of discord in his party.

The circuit court does not believe in
strangling the infant oil industry in
this county, but will let it grow as fast
as conditions will warrant.

Youngstown city council has voted
to construct a filter plant. When will
East Liverpool be able to follow suit?

East Palestine coal miners have con-
cluded that a slight reduction in wages
is vastly better than no wages.

Russia evidently regards the serv-
ices of American war correspondents
as entirely unnecessary.

Druggist Charles T. Larkins Explains
How Vinol Creates a
Desire for Food.

"Vinol is the greatest aid to diges-
tion that we have ever known," said
Mr. Larkins.

"It contains all of the active, medi-
cinal-curative elements that are found
in cod liver oil, without any oil or
grease.

"These medicinal elements act so
favorably upon the stomach that this
organ obtains for itself the elements
necessary for creating new flesh, mus-
cle tissue, and for making rich, red
blood.

"When the stomach acts easily and
naturally, a desire is created for good
simple food, and a good appetite is
the sure result.

"With cod liver oil in its old form,
the medicinal elements which it con-
tained were unable to do their best
work because of the obnoxious oil that
enveloped them.

"Now in Vinol we have those same
medicinal elements separated from the
vile-tasting oil, and we have a tonic
and rebuilder that is simply marvellous
in its action.

"We want every one in East Liver-
pool to know more about our Vinol,
how it cures and what it cures. Cer-
tainly Vinol is the greatest tonic and
rebuilder we have ever sold.

"Lack of appetite is not itself a
disease, but a symptom of weakness
showing itself in the nerves of the
stomach, which control the desire for
food. We guarantee Vinol will cure
this weakness or give back your mon-
ey."—Charles T. Larkins, druggist.

his sister, Mrs. John Shengler, on
Sugar street, is convalescing.

John Langerbacher is confined to
his home, threatened with an attack
of pneumonia.

Miss Kate Martin has arrived in the
city from Marion, Kan. She will at-
tend the funeral of her nephew, the
late W. T. Martin. Miss Martin was a

her departure have become leading
business men. She is the guest of Mr.
and Mrs. B. C. Simms.

"Woman," says a Chicago paper, "has already demonstrated her ability as a street cleaner. She has shamed the sterner sex by delivering whole wards from their burden of filth. When lazy man could not be hired to sweep dirty alleys she has grabbed a broom and made the dirt fly." Can't a few Chicago women of that type be induced to locate in East Liverpool?

Druggist Charles T. Larkins Explains How Vinol Creates a Desire for Food.

"Vinol is the greatest aid to digestion that we have ever known," said Mr. Larkins.

"It contains all of the active, medicinal-curative elements that are found in cod liver oil, without any oil or grease.

"These medicinal elements act so favorably upon the stomach that this organ obtains for itself the elements necessary for creating new flesh, muscle tissue, and for making rich, red blood.

"When the stomach acts easily and naturally, a desire is created for good simple food, and a good appetite is the sure result.

"With cod liver oil in its old form, the medicinal elements which it contained were unable to do their best work because of the obnoxious oil that enveloped them.

"Now in Vinol we have those same medicinal elements separated from the vile-tasting oil, and we have a tonic and rebuilder that is simply marvellous in its action.

"We want every one in East Liverpool to know more about our Vinol, how it cures and what it cures. Certainly Vinol is the greatest tonic and rebuilder we have ever sold.

"Lack of appetite is not itself a disease, but a symptom of weakness showing itself in the nerves of the stomach, which control the desire for food. We guarantee Vinol will cure this weakness or give back your money."—Charles T. Larkins, druggist.

serious warrant for it. There is quite
sufficient debatable ground in many
public acts both of the executive and

the energy and enthusiasm of the most
public spirited. Unfounded agitation
can only be mischievous and tend to
distract the public mind from the re-

"It contains all of the active, medi-
cinal-curative elements that are found
in cod liver oil, without any oil or
grease.

"These medicinal elements act so
favorably upon the stomach that this
organ obtains for itself the elements
necessary for creating new flesh, muscle
tissue, and for making rich, red
blood.

"When the stomach acts easily and
naturally, a desire is created for good,
simple food, and a good appetite is
the sure result.

"With cod liver oil in its old form,
the medicinal elements which it con-
tained were unable to do their best
work because of the obnoxious oil that
enveloped them.

"Now in Vinol we have those same
medicinal elements separated from the
vile-tasting oil, and we have a tonic
and rebuilder that is simply marvellous
in its action.

"We want every one in East Liver-
pool to know more about our Vinol,
how it cures and what it cures. Cer-
tainly Vinol is the greatest tonic and
rebuilder we have ever sold.

"Lack of appetite is not itself a
disease, but a symptom of weakness
showing itself in the nerves of the
stomach, which control the desire for
food. We guarantee Vinol will cure
this weakness or give back your money."

WELLSVILLE AND VICINITY

WINE ROOMS ARE UNDER THE BAN

Wellsville Council Passed Ordinance Prohibiting Them By Heavy Penalty.

GRADE ORDINANCE PASSES

Its Second Reading With Three Votes Against It—Council Appoints Three Justices of the Peace—Batch of Other Business Rushed Through.

Under the suspension of rules Wellsville council last night passed a wine room ordinance. The ordinance was presented by the ordinance committee, and to some members was a surprise. There was not one vote against it. The measure makes it unlawful for any person or persons to keep, or aid or assist in keeping a place where intoxicating liquors are sold, furnished, or given away as a beverage, “to have, allow, permit or maintain a wine room in connection therewith, such wine room being a place or room adjoining a place where intoxicating liquors are sold, and where persons of opposite sex are permitted to assemble together for the purpose of being served with intoxicating liquors.”

“Any person or persons violating any of the provisions of this ordinance shall, on conviction thereof, for the first offense be fined not less than \$25 nor more than \$100 and the costs of prosecution, and for the subsequent offense shall be fined not less than \$50 and not more than \$200 and the costs of prosecution.”

The measure was not discussed. Councilman O’Grady moved the rules be suspended and council agreed. From the time the ordinance was read until it was passed did not occupy two minutes.

After a year of waiting the funds for the completion of the postoffice improvements are available. Council has transferred and appropriated from the police fund \$500 to the board of service fund, most of which is to be used to complete the postoffice changes. If there is any money remaining after these changes are completed, it is to be reverts to the police fund. Councilman O’Grady again wanted to know how much these changes were to cost, but as the board of service did not open the bids for the work until today he was not informed.

When matters pertaining to the C. & P. railroad were brought up 50 residents of the West End got up as one man and crowded about the railing. Some even went so far as to take seats on the platform inside. All made themselves at home.

You may be in the best of health, plump and rosy, and not in need of Mi-o-na, yet probably you have a friend or neighbor who is suffering from stomach troubles, from weak digestive organs, from thinness or loss of flesh.

Tell this friend that Mi-o-na, the flesh forming food, will cure all these ills and give a natural and normal increase in weight. Tell this friend or neighbor that Will Reed, one of the best known druggists in this section, will give his personal guarantee to refund the money if Mi-o-na does not do all that is claimed for it.

Druggist Will Reed takes all the risk, and a month's Mi-o-na treatment will not cost a penny unless it gives the desired health and flesh.

As an evidence of good faith, the price of a box of Mi-o-na, 50c, may be deposited with Will Reed and he will give his receipt for it, agreeing to return the money if Mi-o-na does not benefit. HUNDREDS WILL GO TO EAST LIVERPOOL

Wellsville Will Turn Out Largely at the Republican Mass Meeting Friday Night.

Several hundred people from Wellsville are expected to attend the mass meeting which is to be held at East Liverpool Friday evening in the interest of the independent ticket which it is desired to place in the field at the fall election.

The committee in charge of the Wellsville end of the movement now claim that three cars will be required to take care of this extra travel, which will leave the Wellsville public square at 6:30 o'clock Friday evening, Wellsville time. It was the intention to take a band with this crowd, but this plan will not be carried out.

William Bailey, of Madison township, who was in Wellsville last evening, made the statement that a crowd of voters from that district would attend this meeting. St. Clair township will also be represented and Yellow Creek township.

Enjoyable Dance.

Several hundred people attended the dance and social given last evening in city hall by Wellsville council No. 507, Knights of Columbus. A full orchestra was engaged for the occasion. The affair was a success in every way.

Democratic Convention Date.

Columbus, April 6.—(Special.)—The Democratic state central committee yesterday decided to have the state convention held here May 24 and 25. R. L. Many politicians are inclined to regard the outcome as a distinctive defeat for Mayor Tom Johnson, of Cleveland.

MORE CANDIDATES THAN EVER BEFORE

Coming Primaries in Hancock County Promise to Be Unusually Interesting.

The coming primary election in Hancock county promises to be the most interesting in the history of the Panhandle for several reasons. There will be more candidates for the several offices than ever before. Then it will be remarkable for another reason, and that is the party line will be drawn more closely on this occasion than on former elections.

For a long time, in fact, ever since there was a party in the state nominations have been made by the people, and the election officers have worked along very liberal lines. It is the opinion of many politicians of the county and especially at Chester, that this primary should be participated in by only known Republicans, and they will exert every effort to bring this about.

The candidates are already at work on their fences, and much work has been accomplished since the county committee fixed the date for the primary last Saturday at New Cumberland. It has been argued from the first that Chester will be made the battle ground in nearly every contest, and the contention is backed up by the idea that the community is new, the people more indifferent than in any other part of the county and would therefore be more easily swung from one position to the other.

It is evident that the candidates for the most part believe in this theory, since there is not a man in the race who has not either made a preliminary canvass in Chester or is planning one. From now until the date of the primary the candidates will be very active, and the Chester people will meet them all.

Mr. Morland, candidate for prosecuting attorney, is in Chester today, and the manner in which he is making his canvass has led many to believe he will be a factor. The gentleman is thoroughly in earnest, and his friends in this end of the county are claiming great things for him.

Enjoyable Party.

An enjoyable flitch party was given at the Chester hotel last evening by Miss Mattie Noaks. The latter is making preparations to move to Kentucky next week, and about a dozen of her young friends gathered in to bid her farewell. The evening was delightfully spent and a delightful luncheon was served at the conclusion of the evening's festivities.

David Dowling.

David Dowling, aged 30 years, died at his home on Pennsylvania avenue, East End, at 10:30 o'clock last night, after an illness since last October with consumption. The arrangements for the funeral have not been made, but the services will be held at the late home, Rev. N. M. Crowe, of the Second Presbyterian church, officiating. Mr. Dowling was a well known young potter and worked at the Globe as a presser for a number of years. He was compelled to leave his employment last September and has since been confined to his home. He was a member of Eureka circle, P. H. C., and a consistent member of the Second Presbyterian church. He possessed considerable talent as a musician and was a member of Manley's band. He is survived by a wife, two small children, his mother and several brothers and sisters, all of whom live at Kittanning.

FATHER COULD NOT SWEAR

That His Daughter Was Over 16 And Came a Second Time for a License.

Lisbon, April 6.—Judge Martin has issued a marriage license to Paul Pach, of Salineville, and Miss Lizzie Strouss, of Franklin township. A license for the couple was applied for over a week ago by the father of the would-be bride, but as he could not swear she was past 16 years of age Judge Martin refused to grant it. The father became very angry upon being refused and told the judge he would get a lawyer and see if he could not get a license for his daughter if he wanted to. He changed his mind, however, and today the father and mother both appeared and swore she was past 16.

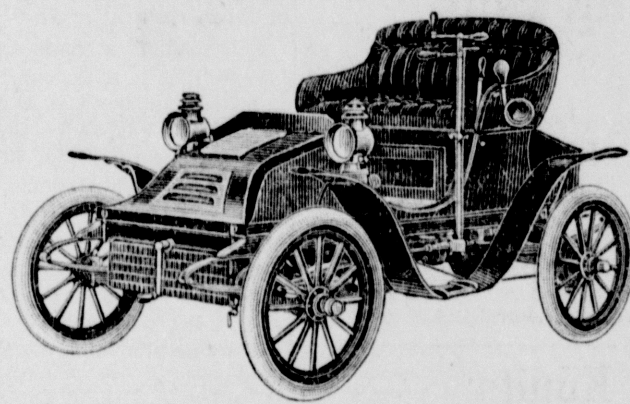

The license was issued and the happy couple went on their way rejoicing to be married by Rev. F. E. Dean, of the Salineville United Presbyterian church.

Democratic Convention Date.

Columbus, April 6.—(Special.)—The Democratic state central committee yesterday decided to have the state convention held here May 24 and 25. R. L. Starr, editor of the Bryan Democrat and a supporter of W. R. Hearst, was temporary chairman, and W. S. Beebe, of Mount Gilead, temporary secretary. Many politicians are inclined to regard the outcome as a distinctive defeat for Mayor Tom Johnson, of Cleveland.

WELLSVILLE AND VICINITY

WINE ROOMS ARE UNDER THE BAN

Wellsville Council Passed Ordinance Prohibiting Them By Heavy Penalty.

GRADE ORDINANCE PASSES

Its Second Reading With Three Votes Against It—Council Appoints Three Justices of the Peace—Batch of Other Business Rushed Through.

Under the suspension of rules Wellsville council last night passed a wine room ordinance. The ordinance was presented by the ordinance committee, and to some members was a surprise. There was not one vote against it. The measure makes it unlawful for any person or persons to keep, or aid or assist in keeping a place where intoxicating liquors are sold, furnished, or given away as a beverage, “to have, allow, permit or maintain a wine room in connection therewith, such wine room being a place or room adjoining a place where intoxicating liquors are sold, and where persons of opposite sex are permitted to assemble together for the purpose of being served with intoxicating liquors.”

“Any person or persons violating any of the provisions of this ordinance shall, on conviction thereof, for the first offense be fined not less than \$25 nor more than \$100 and the costs of prosecution, and for the subsequent offense shall be fined not less than \$50 and not more than \$200 and the costs of prosecution.”

The measure was not discussed. Councilman O'Grady moved the rules be suspended and council agreed. From the time the ordinance was read until it was passed did not occupy two minutes.

After a year of waiting the funds for the completion of the postoffice improvements are available. Council has transferred and appropriated from the police fund \$500 to the board of service fund, most of which is to be used to complete the postoffice changes. If there is any money remaining after these changes are completed, it is to revert to the police fund. Councilman O'Grady again wanted to know how much these changes were to cost, but as the board of service did not open the bids for the work until today he was not informed.

When matters pertaining to the C. & P. railroad were brought up 50 residents of the West End got up as one man and crowded about the railing. Some even went so far as to take seats on the platform inside. All made themselves at home.

FATHER COULD NOT SWEAR

That His Daughter Was Over 16 And Came a Second Time for a License.

Lisbon, April 6.—Judge Martin has issued a marriage license to Paul Pach, of Salineville, and Miss Lizzie Strouss, of Franklin township. A license for the couple was applied for over a week ago by the father of the would-be bride, but as he could not swear she was past 16 years of age Judge Martin refused to grant it. The father became very angry upon being refused and told the judge he would get a lawyer and see if he could not get a license for his daughter if he wanted to. He changed his mind, however, and today the father and mother both appeared and swore she was past 16.

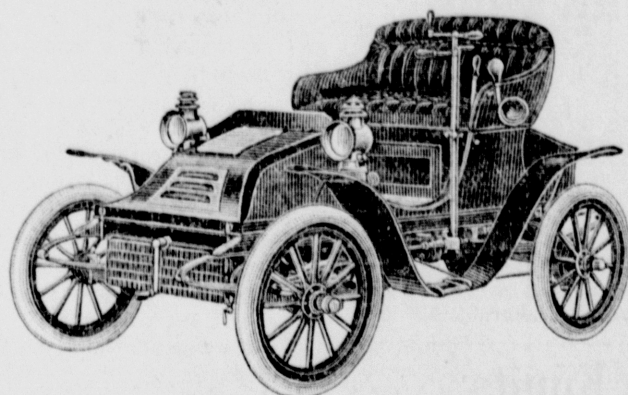

The license was issued and the happy couple went on their way rejoicing to be married by Rev. F. E. Dean, of the Salineville United Presbyterian church.

REALM OF SPORTS

OLYMPIC FIVE EASY VICTIMS

Champions Took It Easy But Piled Up 69 Points to Visitors 28 Points.

SECOND HALF WAS GREAT

Olympics Expected to Win Out Under National Rules But Were Completely Bewildered—Champions Made 25 Before They Counted Any.

In winning the twenty-fourth straight victory last night, the Ohio champions simply swamped the Olympics, the McKeesport five of the Allegheny county league. This and other games with the teams of that league show conclusively that the champions outclass them completely, excepting possibly the Southsiders. Under the association rules of the first half the champions without apparent effort finished 22 to 14 and in the second half under national rules added 47 more while their opponents only equalled their score of the first half.

Although the champions had a walk over, the game was interesting for several reasons. The visitors had been indulging in a great deal of hot air prior to the game and the spectators were highly pleased when they were given such an awful drubbing. It was the worst defeat of the season for the Olympics.

The visitors had strengthened up for the game last night. Yeager, a former D. C. and A. C. player, and one of the best guards in Pennsylvania, and Skilling, of the Manchester five, were with them, although the latter did not get in the game. Not one of the visitors made a showing against the local players, however.

The floor last night was unusually smooth and made fast work extremely dangerous. The players felt repeatedly and team work and passing were greatly interfered with. The visitors, unaccustomed to association rules, fouled repeatedly and the champions

profited thereby as Rigby was in fine form on foul throws. He made six shots before missing a throw. The champions did not need the fouls to win.

The first half was devoid of features and the constant fouling made it dull and slow. Mulholland, the visitors' right forward, was allowed three goals, which could have been prevented had the play been sharp. The half ended 22 to 14 in favor of the champions.

The visitors thought they would have easy sailing in the second half under national rules and before play was resumed thought victory was assured. They did not give the champions credit for any skill at the national game and before the game was finished they were the worst fooled bunch of players that ever came to town.

There are scores of people who hold that the champions play faster ball under national rules and the contention was at least partly substantiated last night. The visitors could not get reach of the ball and the champions piled up goal after goal. Twenty-five points were scored before the visitors counted. The champions played without exertion, while the visitors were winded and bewildered. The champions played carelessly in this half.

Every member of the champion five did creditable work. Rigby made a record on foul throwing and his work in the field was great. Watkin and Chadwick were good at offensive play. The latter had an aggravating opponent in Mulholland, who played a rough game. Chadwick kept up his nice work on goal throwing. Bloor made some pretty shots and Allison, who was blanked in the first half, piled up five baskets in the second. Powell had five baskets and played a great game.

The score:
East Liverpool—Allison, Bloor and Powell, forwards; Rigby, center; Watkin and Chadwick, guards.

Olympics—Mulholland and Pierce, forwards; Myers, center; Yeager and Stewart, guards.

Goals—Allison 5, Bloor 3, Powell 5, Rigby 8, Watkin 2, Chadwick 5, Mulholland 5, Pierce 3, Myers 3.
Fouls—Rigby 11, Myers 5, Stewart 1. Referee—Zang.

Allegheny Lyceum Next.

The Allegheny Lyceum five will be here Friday night for a game with the champions. This is the only team of those composing the Allegheny county league that the champions have not met this season. While the champions should win another victory a good game is in prospect as the Lyceums are fast and play a good, clean game.

Y. M. C. A. Won Preliminary.

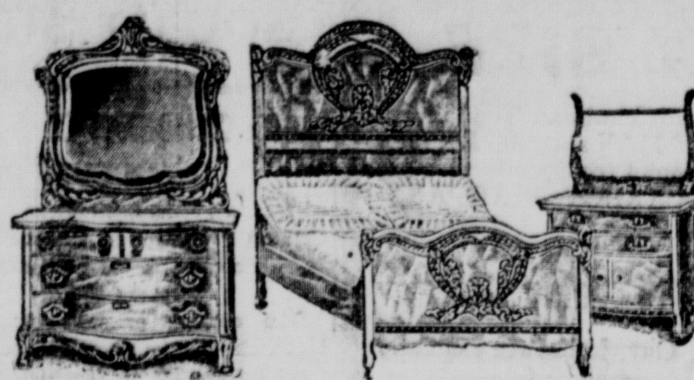

In a preliminary game last night the Y. M. C. A. five won from the Nationals 17 to 14. These teams are very evenly matched and the game was fast and exciting. The score was a tie toward the close of the game when the Y. M. C. A. gained a slight lead and held it to the end.

BOILS PYRAMIDS OF PAIN

Most Plentiful and Troublesome During Spring and Summer.

It takes warm weather to bring out the hidden impurities, humors and poisons in the system and stir up the sluggish blood, and this is why boils are so common in Spring and Summer. They sometimes come singly, but oftener in pairs and triplets, and even in bunches and clusters, and generally upon the tenderest part of the body. They are the most painful of all skin eruptions, and the blood is in a turmoil, and the system in a feverish commotion from the time these volcanoes of misery begin to form until they burst and the matter is all discharged. But lucky is the unfortunate sufferer who gets off with only one boil, for even if another does not follow immediately, the poison that is left in the blood is bound to collect somewhere else and break through the skin, and these pyramids of pain may be coming and going all through the Spring and Summer.

Some people have an idea that boils are good for the health, that they are evidences that the blood is too rich, but nobody's blood ever gets too rich; neither are boils conducive to health. Impoverished or polluted blood, or a riotous, feverish condition of this vital fluid causes boils, carbuncles, and other dangerous skin eruptions.

Long-continued sickness leaves the blood too weak and sluggish to throw off the bodily impurities and relieve the system of the waste and refuse, which then concentrates at some spot and a carbuncle or boil is the result. To one already enfeebled by disease boils seem to come with more frequency, causing the intensest pain and greatest danger to the already weak and debilitated sufferer.

All skin eruptions, from the sometimes fatal carbuncle to the spiteful little cat-boil, are caused by bad blood, and the only way to avoid or get permanently rid of them is to purify and build up the deteriorated, polluted blood, and counteract the humors and poisons, and nothing will do this so quickly and thoroughly as S. S. S., which is the acknowledged king of blood purifiers and greatest of all tonics.

Where the blood has become impoverished and is poor and thin no medicine acts so promptly in building it up and restoring its richness, purity and strength. The time to cure a boil is before it develops, when it is in a state of incubation or formation in the blood, for boils are, after all, only the impurities and poisons bubbling up through the skin, and this will continue in spite of poulticing and lancing till the blood gets rid of its accumulated poison. The way to stop boils is to attack them in the blood, and this is what S. S. S. does. All danger of boils is past when the blood has been thoroughly purified and the system cleansed of all morbid, impure matter. If you are subject to boils, then the same causes that produced them last season will do so this, and the sooner you begin to put your blood and system in good order the better the chance of going through the spring and summer season without boils or other painful and irritating skin eruptions.

S. S. S. is guaranteed purely vegetable, and can be taken with perfect safety by old and young, and without harm to the most delicate constitution. It is mild and pleasant in its action, and unequalled as a cure for boils and kindred eruptions.

Write us if you would like advice from our physicians or desire any special information; this will cost you nothing.

EASY VICTIMS

Champions Took It Easy But Piled Up 69 Points to Visitors 28 Points.

SECOND HALF WAS GREAT

Olympics Expected to Win Out Under National Rules But Were Completely Bewildered — Champions Made 25 Before They Counted Any.

In winning the twenty-fourth straight victory last night, the Ohio champions simply swamped the Olympics, the McKeesport five of the Allegheny county league. This and other games with the teams of that league show conclusively that the champions outclass them completely, excepting possibly the Southsiders. Under the association rules of the first half the champions without apparent effort finished 22 to 14 and in the second half under national rules added 47 more while their opponents only equalled their score of the first half.

Although the champions had a walk over, the game was interesting for several reasons. The visitors had been indulging in a great deal of hot air prior to the game and the spectators were highly pleased when they were given such an awful drubbing. It was the worst defeat of the season for the Olympics.

The visitors had strengthened up for the game last night. Yeager, a former D. C. and A. C. player, and one of the best guards in Pennsylvania, and Skiffinger, of the Manchester five, were with them, although the latter did not get in the game. Not one of the visitors made a showing against the local players, however.

The floor last night was unusually smooth and made fast work extremely dangerous. The players felt repeatedly and team work and passing were greatly interfered with. The visitors, unaccustomed to association rules, fouled repeatedly and the champions

profited thereby as Rigby was in fine form on foul throws. He made six shots before missing a throw. The champions did not need the fouls to win.

The first half was devoid of features and the constant fouling made it dull and slow. Mulholland, the visitors' right forward, was allowed three goals, which could have been prevented had the play been sharp. The half ended 22 to 14 in favor of the champions.

The visitors thought they would have easy sailing in the second half under national rules and before play was resumed thought victory was assured. They did not give the champions credit for any skill at the national game and before the game was finished they were the worst fooled bunch of players that ever came to town.

There are scores of people who hold that the champions play faster ball under national rules and the contention was at least partly substantiated last night. The visitors could not get reach of the ball and the champions piled up goal after goal. Twenty-five points were scored before the visitors counted. The champions played without exertion, while the visitors were winded and bewildered. The champions played carelessly in this half.

Every member of the champion five did creditable work. Rigby made a record on foul throwing and his work in the field was great. Watkin and Chadwick were good at offensive play. The latter had an aggravating opponent in Mulholland, who played a rough game. Chadwick kept up his nice work on goal throwing. Bloor made some pretty shots and Allison, who was blanked in the first half, piled up five baskets in the second. Powell had five baskets and played a great game.

The score:
East Liverpool—Allison, Bloor and Powell, forwards; Rigby, center; Watkin and Chadwick, guards.
Olympics—Mulholland and Pierce, forwards; Myers, center; Yeager and Stewart, guards.

Goals—Allison 5, Bloor 3, Powell 5, Rigby 8, Watkin 2, Chadwick 5, Mulholland 5, Pierce 3, Myers 3.
Fouls—Rigby 11, Myers 5, Stewart 1. Referee—Zang.

Allegheny Lyceum Next.

The Allegheny Lyceum five will be here Friday night for a game with the champions. This is the only team of those composing the Allegheny county league that the champions have not met this season. While the champions should win another victory a good game is in prospect as the Lyceums are fast and play a good, clean game.

Y. M. C. A. Won Preliminary.

In a preliminary game last night the Y. M. C. A. five won from the Nationals 17 to 14. These teams are very evenly matched and the game was fast and exciting. The score was a tie toward the close of the game when the Y. M. C. A. gained a slight lead and held it to the end.

From the amount of interest taken in the sport this spring it promises to become very popular as the season advances.

How to Ward Off An Attack of Rheumatism.

"For years when spring time came on and I went into gardening, I was sure to have an attack of rheumatism and every attack was more severe than the preceding one," says Josie McDonald, of Man, Logan county, W. Va. I tried everything with no relief whatever, until I procured a bottle of Chamberlain's Pain Balm, and the first application gave me ease, and before the first bottle was used I felt like a new person. Now I feel that I am cured, but I always keep a bottle of Chamberlain's Pain Balm in the house, and when I feel any symptoms of a return I soon drive it away with one or two applications of this liniment." BOILS PYRAMIDS OF PAIN

Most Plentiful and Troublesome During Spring and Summer.

It takes warm weather to bring out the hidden impurities, humors and poisons in the system and stir up the sluggish blood, and this is why boils are so common in Spring and Summer. They sometimes come singly, but oftener in pairs and triplets, and even in bunches and clusters, and generally upon the tenderest part of the body. They are the most painful of all skin eruptions, and the blood is in a turmoil, and the system in a feverish commotion from the time these volcanoes of misery begin to form until they burst and the matter is all discharged. But lucky is the unfortunate sufferer who gets off with only one boil, for even if another does not follow immediately, the poison that is left in the blood is bound to collect somewhere else and break through the skin, and these pyramids of pain may be coming and going all through the Spring and Summer.

Some people have an idea that boils are good for the health, that they are evidences that the blood is too rich, but nobody's blood ever gets too rich; neither are boils conducive to health. Impoverished or polluted blood, or a riotous, feverish condition of this vital fluid causes boils, carbuncles, and other dangerous skin eruptions.

Long-continued sickness leaves the blood too weak and sluggish to throw off the bodily impurities and relieve the system of the waste and refuse, which then concentrates at some spot and a carbuncle or boil is the result. To one already enfeebled by disease boils seem to come with more frequency, causing the intensest pain and greatest danger to the already weak and debilitated sufferer.

All skin eruptions, from the sometimes fatal carbuncle to the spiteful little cat-boil, are caused by bad blood, and the only way to avoid or get permanently rid of them is to purify and build up the deteriorated, polluted blood, and counteract the humors and poisons, and nothing will do this so quickly and thoroughly as S. S. S., which is the acknowledged king of blood purifiers and greatest of all tonics.

Where the blood has become impoverished and is poor and thin no medicine acts so promptly in building it up and restoring its richness, purity and strength. The time to cure a boil is before it develops, when it is in a state of incubation or formation in the blood, for boils are, after all, only the impurities and poisons bubbling up through the skin, and this will continue in spite of poulticing and lancing till the blood gets rid of its accumulated poison. The way to stop boils is to attack them in the blood, and this is what S. S. S. does. All danger of boils is past when the blood has been thoroughly purified and the system cleansed of all morbid, impure matter. If you are subject to boils, then the same causes that produced them last season will do so this, and the sooner you begin to put your blood and system in good order the better the chance of going through the spring and summer season without boils or other painful and irritating skin eruptions.

S. S. S. is guaranteed purely vegetable, and can be taken with perfect safety by old and young, and without harm to the most delicate constitution. It is mild and pleasant in its action, and unequalled as a cure for boils and kindred eruptions.

CHAPTER XVII—Continued.

Anne caught an astonished breath at realization that she was standing before the most dreaded of Cornwallis' cavalry leaders. Could this red-cheeked, petulant-lipped lad be the dragon of whose cruelty and daring she had so often heard? She courted slowly to his bow.

"I might add," announced the visitor, "that no harm shall be done this property. We have business farther on."

Farther on! Anne's mind leaped to the thought of Charlottesville, only six miles away. The Virginia assembly was in session there. And Henry! She must gain a little time.

"Let me see to the breakfast, Mrs. Walker," she volunteered. Aunt Daph' is quite distracted."

Tarleton smiled, bowed again to her and clanked to the door. Then Anne caught Mrs. Walker's hand and whispered: "Tis a raid on the assembly. We must keep them here as long as possible. Tell the doctor."

She had no time to speak further, for Tarleton re-entered with the others.

"I have been obliged to set a guard about the negro quarters and at the front and rear entrances of the house," he said. "We shall soon relieve you of this inconvenience. Ah, doctor, good morning!"

Anne betook herself to the kitchen and stirred Aunt Daph' to activity. While the great fire roared her brain was busy. She must get through that cordon of redcoats—must—must!

As the cook piled the irons with fragments of chicken, Anne's eyes, through the back door and window, took in the situation. Full a dozen troopers were grouped there, stretched lazily in the sun, their horses hobbled and cropping grass eagerly in a widening half circle. The quarters were on the farther side, out of sight from the kitchen. Seeing, she bade Aunt Daph' lay more of the chicken on the racks and herself fed the fire till its heat scorched her cheeks.

"Clear ter goodness, Miss Anne, yo' got 'nuff dar fo' fo'ty, 'stid o' fo'!"

"Hush!" Anne commanded. "Go and lay one of the tables in the 'gik room."

The negro raised her hands.

"Wid all dem sojers out dar? Honey, dees 'jes' split my haid wide o'n!"

"Do as I tell you," said Anne. "They won't hurt you. Make no noise, and come back quickly."

The old woman made her way gingerly past the groups across the yard.

"Miss Anne," she said as she came back, all her teeth gleaming, "one ob dem Britsers call to me jes' lak folks."

"How much time?" asked Henry briefly of Anne.

"Ten minutes," she answered at hazard.

"Too little. They will be upon him before this." He brought his horse and vaulted into the saddle. "Will Tarleton know you have come?"

"Yes."

"Then you must not stay," he said firmly. "You shall ride with me."

Before she could answer a horseman came clattering in from a bridge path. It was Colonel Carter, and he took in the preparations at a glance.

"Good!" he shouted. "Lose no time, gentlemen. Captain Jouett has warned Monticello. The assembly stands dissolved, to meet at Staunton three days hence."

"Run, you splendid boy! Run!"

"Hopes yo' got sumpin' good fo' us, too, auntie," he said. "Lawd, honey, I reck'n dees 'pow'ful hongry ter smell dis yere!"

Anne heaped a great platter high from the dripping grids and flanked it with a pyramid of corn bread.

"Now, Aunt Daph'," she breathed excitedly, "take this. Hold it high and fall not on the steps. When you come to the milk room door you are to tell the soldiers that the colonel in here says they are all to have their breakfast at once. Do you understand?"

"Yas'm. Yas'm. But dis yere chick'n's er heap too good fo' dem low down nosin' debbles!"

Anne watched her through the door in a quiver of apprehension. Would they go? She prayed frantically that they would smell that savory odor. She heard the laugh of the officers in the next room and above it the tones of the cook outside, now scornfully belligerent:

"Yore eun'l in dar say yo' is ter eat dis yere up mighty quick er yo' don't git nuttin' 'tall."

There was a murmur among the troopers. It was a fearful temptation. Then they succumbed before that delicate aroma, and while Anne held her breath the last guard had overcome his scruples and vanished into the milk room.

She did not wait an instant, but slipped out hatless and was away like a flash to the outer ring of horses. Her

eye picked the speediest with the unerring judgment of the born horsewoman. She leaped to his back, took the yard pole and drew across the soft loam field to the highroad.

When Lieutenant Colonel Banister Tarleton entered the kitchen snuggling to see why breakfast delayed he found the room empty, and sounds from the outhouse told him the rest. The petulant-lipped lad became instantly a raging demoniac, and the crestfallen men tumbled out, mounting with a speed increased by threats and revellings.

A sight of the horseless trooper sent the leader's passion leaping to knowledge. "Tis the girl!" he cried. "The deuce! She's off to warn them!"

And his curses suddenly mixed themselves with steel sharp orders.

Mrs. Walker wrung her hands as the last trooper galloped off after the rest on a horse impressed from the stables. "God grant they don't catch her!" she prayed.

As Anne sped along the curving stretch of road over the low hill spurs she leaned to the horse's mane, crying to him: "Run, you splendid boy! Run! 'Tis to save the assembly!" And the great creature, slim, lustrous blood bay, snorted and settled to action, his limpid eye catching the terror-white as if he, stolen from some Virginia stable, knew what the words meant.

Gallop and gallop; she heard the red clouds patter on the road behind as she went. One mile—two miles. The wind-warped trees stretched by in a whirling, drunken race of foliaged dervishes. Three miles—they must surely know by now.

She passed two riders and noted their glance of wonder. One called out to her, but she did not stop. The terrific pace made her breath come jaggedly, and it was only by a supreme effort that she kept her seat on the pommel-less saddle.

The last two miles flung away in a dulled red roar.

There were groups upon the court-house steps when she pulled up her frothing horse, and Henry himself pushed forward to her side.

"Tarleton," she panted, "at Castle Hill—coming to—take the assembly!"

Henry turned and repeated the message. It was caught up on all sides and banded up and down the corridors. There was a rush for the sheds and hurried mounting. Then another cry spread: Jefferson—he was at Monticello!

"How much time?" asked Henry briefly of Anne.

"Ten minutes," she answered at hazard.

"Too little. They will be upon him before this." He brought his horse and vaulted into the saddle. "Will Tarleton know you have come?"

"Yes."

"Then you must not stay," he said firmly. "You shall ride with me."

Before she could answer a horseman came clattering in from a bridge path. It was Colonel Carter, and he took in the preparations at a glance.

"Good!" he shouted. "Lose no time, gentlemen. Captain Jouett has warned Monticello. The assembly stands dissolved, to meet at Staunton three days hence."

NATURAL WHITE OIL

Restores and Beautifies the Hair.

Compounded in nature's own laboratory, 1375 feet below the earth's surface, this wonderful Natural White Oil has marvelous curative properties. It is an unfailing remedy for BALDNESS, FALLING HAIR, DANDRUFF and all scalp diseases. It will grow hair on any head unless the roots are utterly destroyed.

FINEST HEAD OF HAIR IN ERIE.

Years ago, my hair began falling out. I consulted in time various experts on the hair and scalp. Under all this treatment the loss of my hair continued. Then I began the use of a number of special Hair Restoratives, but all to no avail. By this time you could see the bare top of my head across a room. Lucky for me I began the use of Natural White Oil and to my surprise, after using it one month, my hair ceased falling out entirely. I continued using the Natural White Oil and a most immediate result was that it was promoting the growth of the hair. I continued its use for six months; by that time my growth of hair covered my entire baldness. I now have as fine a head of hair as any man or youth in Erie, Pa. I consider Natural White Oil the most wonderful product for all hair and scalp diseases in the world. I recommend it to all my friends, and also to strangers at every opportunity. For cleansing the scalp of crusts, scales and dandruff and promoting the growth of hair, it has no equal. Yours truly, LOUIS GALLISH, Proprietor of Hotel Allen, Erie, Pa.

SOCIAL EVENTS

A Fine Entertainment.

The entertainment given last evening at the Y. M. C. A. hall under the auspices of the Ladies' Auxiliary was much enjoyed by those in attendance. Although Miss Mackintosh, of Pittsburgh, was not present, the program was quite complete. Mrs. T. H. Tomkinson and the others, who entertained the audience, rendered their parts in a pleasing manner. The decorations were a special feature. The incandescent electrical display was artistic and so were the drapery and other stage setting. The former was by the Milligan Hardware company and the latter by the Crook Furniture company, to whom the auxiliary is deeply grateful. The entertainment may be repeated. Mrs. Tomkinson is the composer of the musical part of the program.

Nicholas-Crumley.

At the home of W. F. Taylor, Lincoln avenue, an old friend of the groom, occurred the marriage of Miss Annie Nicholas, of Niles, and Thomas Crumley. The ceremony was performed at 7.30 by Justice H. P. McCarron, in the presence of friends and relatives. A fine supper was served. The bride is a popular young lady and the groom well known as a decorating kilnman at the K. T. & K. The couple started today on a short wedding trip and on their return will reside in this city.

Local Ladies to Assist.

The ladies of the Church of the Ascension of Wellsville will give quite a large cake sale on next Saturday afternoon. The ladies of St. Stephen's church in this city will assist by large contributions. The proceeds will be used to buy a new carpet for the Church of the Ascension, which is being repaired and putting in a new pipe organ, the gift of Andrew Carnegie.

Birthday Party.

The birthday anniversary of Miss Lois Herron was very pleasantly observed last night at her home on Wall street, when a number of her friends gathered there to spend the evening with games and social intercourse. At the close of the evening tempting refreshments were served.

Entertained at Cards.

Miss Emily Cartwright entertained about 20 of her lady and gentlemen friends at her home on Eighth street last evening. Some time was spent in playing flinch and other games, after which a dainty lunch was served.

Hollenden Club Ball.

For the Hollenden club dance Tuesday evening, April 12, the arrangements are in the hands of the following committee: Clyde E. Hass, Maurice J. Newman, John J. Little and George W. Eckhardt.

RESCUER FAILED.

Unable to Effect Release of Princess Whom He Loves.

Berlin, April 6.—Mattiasch, the former lieutenant in the Austrian army, whose intrigue with the Princess Louise of Coburg, eldest daughter of King Leopold of Belgium, caused her husband, Prince Philip of Coburg, to have her detained in a private asylum for the insane at Coswig, Saxony, made an unsuccessful attempt to rescue the princess several days ago.

Mattiasch arrived at Coswig in an automobile from Berlin, expecting the co-operation of a restaurant keeper whom he had initiated into the plan, but the latter told other persons, through whom the physician in charge of the asylum was informed of the facts in the case. After waiting for several days in the vicinity to see if the princess took a daily drive, Mattiasch concluded that the attempt was useless now, for the princess was nowhere visible.

SAVED FROM LYNCHING.

Governor of Mississippi Orders Soldiers to Protect Negro.

Jackson, Miss., April 6.—The negro, Albert Baldwin, who killed Engineer Fogarty some time ago, was started for Tallahatchie county for trial. Governor Vardaman, hearing that a mob was forming to take Baldwin from the train and lynch him, telegraphed the officers to take their prisoner to Greenwood and keep him there. Later he sent a detachment of militia to take the negro to Sumner by special train.

Baldwin is the man whom the governor some time ago saved from lynching by bringing him under guard of a military company to Batesville and then bringing him to Jackson.

AKRON BANK FAILS.

State Institution Is Unable to Make Its Clearings in Cash.

Akron, O., April 6.—The doors of the Akron Savings bank were closed and the common pleas court appointed G. W. Gerber and William Buchtel receivers of the institution.

The action was precipitated as a result of the Akron clearing house association compelling the bank to make all its clearings in cash. William Buchtel is president of the bank. It has a capital stock of \$200,000, a surplus of \$50,000 and deposits amounting to about \$550,000.

Are Your Napkins White?

Yellow napkins on a snowy white table cloth—what a jarring contrast that would be! The lady guilty of such a violation of good form and taste would be a marked figure in her social circle. It would be possible, however, if the napkins had been washed with ordinary yellow laundry soap. Most soaps of this sort have a rosin filling, and it is almost impossible to get linen perfectly white that is washed with them. When EASY TASK SOAP is the only soap used in the home, the napkins and table cloth as well will be of dazzling whiteness. It's uniform, too. The constant use of EASY TASK improves the napkins' texture, makes them soft and preserves them from undue wear. They will never rot, for the soap is pure. Use EASY TASK. Good grocers keep it—5 cents a bar.

SOCIAL EVENTS

A Fine Entertainment.

The entertainment given last evening at the Y. M. C. A. hall under the auspices of the Ladies' Auxiliary was much enjoyed by those in attendance. Although Miss Mackintosh, of Pittsburgh, was not present, the program was quite complete. Mrs. T. H. Tomkinson and the others, who entertained the audience, rendered their parts in a pleasing manner. The decorations were a special feature. The incandescent electrical display was artistic and so were the drapery and other stage setting. The former was by the Milligan Hardware company and the latter by the Crook Furniture company, to whom the auxiliary is deeply grateful. The entertainment may be repeated. Mrs. Tomkinson is the composer of the musical part of the program.

Nicholas-Crumley.

At the home of W. F. Taylor, Lincoln avenue, an old friend of the groom, occurred the marriage of Miss Annie Nicholas, of Niles, and Thomas Crumley. The ceremony was performed at 7:30 by Justice H. P. McCarron, in the presence of friends and relatives. A fine supper was served. The bride is a popular young lady and the groom well known as a decorating kilnman at the K. T. & K. The couple started today on a short wedding trip and on their return will reside in this city.

Local Ladies to Assist.

The ladies of the Church of the Ascension of Wellsville will give quite a large cake sale on next Saturday afternoon. The ladies of St. Stephen's church in this city will assist by large contributions. The proceeds will be used to buy a new carpet for the Church of the Ascension, which is being repaired and putting in a new pipe organ, the gift of Andrew Carnegie.

Birthday Party.

The birthday anniversary of Miss Lois Herron was very pleasantly observed last night at her home on Wall street, when a number of her friends gathered there to spend the evening with games and social intercourse. At the close of the evening tempting refreshments were served.

Entertained at Cards.

Miss Emily Cartwright entertained about 20 of her lady and gentlemen friends at her home on Eighth street last evening. Some time was spent in playing flinch and other games, after which a dainty lunch was served.

Hollenden Club Ball.

For the Hollenden club dance Tuesday evening, April 12, the arrangements are in the hands of the following committee: Clyde E. Hass, Maurice J. Newman, John J. Little and George W. Eckhardt.

What You Need for Constipation.

When troubled with constipation, what you need is a remedy that is sure to produce the desired effect. A remedy that is mild and gentle in its action. A remedy that leaves the bowels in a natural and healthy condition. A remedy that is easy and pleasant to take. Chamberlain's Stomach and Liver Tablets meet all of these requirements. Give them a trial and you will never wish to take another dose of pills. Use them as directed and they will cure chronic constipation. Price 25 cents. Every box is warranted for sale by Alvin H. Bulger.

TWO GOOD CONTRACTS

One at Beaver Falls and One Here. Awarded to Hugh Johnston.

Hugh Johnston, the well known councilman and contractor, returned last evening from Beaver Falls where he received the contract for doing the stucco and cornice work on the new building to be erected by the Fidelity Trust company. Mr. Johnston will start to work on this contract next week and will employ a number of local people.

Mr. Johnston has also received the contract for doing the plastering, concrete and stucco work on the new building of the Potters Building & Savings company, of this city.

RESCUER FAILED.

Unable to Effect Release of Princess Whom He Loves.

Berlin, April 6.—Mattiasch, the former lieutenant in the Austrian army, whose intrigue with the Princess Louise of Coburg, eldest daughter of King Leopold of Belgium, caused her husband, Prince Philip of Coburg, to have her detained in a private asylum for the insane at Coswig, Saxony, made an unsuccessful attempt to rescue the princess several days ago.

Mattiasch arrived at Coswig in an automobile from Berlin, expecting the co-operation of a restaurant keeper whom he had initiated into the plan, but the latter told other persons, through whom the physician in charge of the asylum was informed of the facts in the case. After waiting for several days in the vicinity to see if the princess took a daily drive, Mattiasch concluded that the attempt was useless now, for the princess was nowhere visible.

SOCIAL EVENTS

A Fine Entertainment.

The entertainment given last evening at the Y. M. C. A. hall under the auspices of the Ladies' Auxiliary was much enjoyed by those in attendance. Although Miss Mackintosh, of Pittsburg, was not present, the program was quite complete. Mrs. T. H. Tomkinson and the others, who entertained the audience, rendered their parts in a pleasing manner. The decorations were a special feature. The incandescent electrical display was artistic and so were the drapery and other stage setting. The former was by the Milligan Hardware company and the latter by the Crook Furniture company, to whom the auxiliary is deeply grateful. The entertainment may be repeated. Mrs. Tomkinson is the composer of the musical part of the program.

Nicholas-Crumley.

At the home of W. F. Taylor, Lincoln avenue, an old friend of the groom, occurred the marriage of Miss Annie Nicholas, of Niles, and Thomas Crumley. The ceremony was performed at 7:30 by Justice H. P. McCarron, in the presence of friends and relatives. A fine supper was served. The bride is a popular young lady and the groom well known as a decorating kilnman at the K. T. & K. The couple started today on a short wedding trip and on their return will reside in this city.

Local Ladies to Assist.

The ladies of the Church of the Ascension of Wellsville will give quite a large cake sale on next Saturday afternoon. The ladies of St. Stephen's church in this city will assist by large contributions. The proceeds will be used to buy a new carpet for the Church of the Ascension, which is being repaired and putting in a new pipe organ, the gift of Andrew Carnegie.

Birthday Party.

The birthday anniversary of Miss Lois Herron was very pleasantly observed last night at her home on Wall street, when a number of her friends gathered there to spend the evening with games and social intercourse. At the close of the evening tempting refreshments were served.

Entertained at Cards.

Miss Emily Cartwright entertained about 20 of her lady and gentlemen friends at her home on Eighth street last evening. Some time was spent in playing flinch and other games, after which a dainty lunch was served.

Hollenden Club Ball.

For the Hollenden club dance Tuesday evening, April 12, the arrangements are in the hands of the following committee: Clyde E. Hass, Maurice J. Newman, John J. Little and George W. Eckhardt.

RESCUER FAILED.

Unable to Effect Release of Princess Whom He Loves.

Berlin, April 6.—Mattasich, the former lieutenant in the Austrian army, whose intrigue with the Princess Louise of Coburg, eldest daughter of King Leopold of Belgium, caused her husband, Prince Philip of Coburg, to have her detained in a private asylum for the insane at Coswig, Saxony, made an unsuccessful attempt to rescue the princess several days ago.

Mattasich arrived at Coswig in an automobile from Berlin, expecting the co-operation of a restaurant keeper whom he had initiated into the plan, but the latter told other persons, through whom the physician in charge of the asylum was informed of the facts in the case. After waiting for several days in the vicinity to see if the princess took a daily drive, Mattasich concluded that the attempt was useless now, for the princess was nowhere visible.

Are Your Napkins White?

Yellow napkins on a snowy white table cloth—what a jarring contrast that would be! The lady guilty of such a violation of good form and taste would be a marked figure in her social circle. It would be possible, however, if the napkins had been washed with ordinary yellow laundry soap. Most soaps of this sort have a rosin filling, and it is almost impossible to get linen perfectly white that is washed with them. When EASY TASK SOAP is the only soap used in the home, the napkins and table cloth as well will be of dazzling whiteness. It's uniform, too. The constant use of EASY TASK improves the napkins' texture, makes them soft and preserves them from undue wear. They will never rot, for the soap is pure. Use EASY TASK. Good grocers keep it—5 cents a bar.

SAVED FROM LYNCHING.

Governor of Mississippi Orders Soldiers to Protect Negro.

Jackson, Miss., April 6.—The negro, Albert Baldwin, who killed Engineer Fogarty some time ago, was started for Tallahatchie county for trial. Governor Vardaman, hearing that a mob was forming to take Baldwin from the train and lynch him, telegraphed the officers to take their prisoner to Greenwood and keep him there. Later he sent a detachment of militia to take the negro to Sumner by special train.

Baldwin is the man whom the governor some time ago saved from lynching by bringing him under guard of a military company to Batesville and then bringing him to Jackson.
